PROFESSIONAL PROFILE

Full-stack web developer with freelance experience building responsive websites and database-driven web applications. Working knowledge of HTML, CSS, JavaScript, PHP, Laravel and MySQL, with practical project experience across e-commerce, student administration and portfolio websites. Focused on translating requirements into clear, usable interfaces and reliable application features, while continually strengthening development skills.

PROFESSIONAL EXPERIENCE

FREELANCE FULL-STACK WEB DEVELOPER

Self-employed | 2023 – Present

- Work with clients to understand website needs and translate requirements into functional web solutions.
- Design and build responsive, user-focused interfaces using HTML, CSS, JavaScript and front-end frameworks.
- Develop server-side functionality and database-backed features using PHP, Laravel and MySQL.
- Implement and refine features such as product listings, data management, forms and application workflows.
- Troubleshoot issues, test functionality across screen sizes and maintain project code using Git and GitHub.

SELECTED DEVELOPMENT PROJECTS

E-COMMERCE WEB APPLICATION

Technologies: Laravel, PHP, MySQL, HTML, CSS

Developed an online storefront with product browsing and shopping-cart workflows, with supporting order and database functionality.

STUDENT MANAGEMENT SYSTEM

Technologies: Laravel, PHP, MySQL, Filament

Built an administrative application for managing student and teacher records, with structured data management and payment-status tracking.

PERSONAL DEVELOPER PORTFOLIO

Technologies: HTML, CSS, JavaScript

Created a responsive portfolio website to present professional information, technical capabilities and selected development work.

ADDITIONAL INFORMATION
